

APPENDIX G

EXHIBIT 2**Worldwide Fortnite iOS revenue from user accounts that accessed Fortnite on an iOS device in June 2018**

Source: Epic Monthly User Data

Note: Exhibit illustrates monthly revenue index (March 2018 = 100) for three groups of users. The first group comprises of 457,000 users that accessed Fortnite on both iOS and Nintendo Switch in June 2018, the month Fortnite was launched on Nintendo Switch. The second group comprises of 13.2 million users that accessed Fortnite on iOS in June 2018 excluding those users that accessed Fortnite on Nintendo Switch between June 2018 and March 2019. The third group comprises of 6.3 million users and is a subset of the second group as it excludes those users that have accessed Fortnite *only* on iOS between March 2018 and March 2019. User accounts are included whenever the Fortnite application is opened on a device through that account. See Appendix D for details regarding Epic data processing.
